English - Native (C2)
German - A2

TECHNICAL SKILLS

- **Programming Languages:** JavaScript (ES6+), HTML5, CSS3
- **Frameworks & Libraries:** ReactJS, React Router
- **Developer Tools:** Git, GitHub, VS Code, npm, Vite, Netlify, AI-Assisted Workflows (Claude Code, Copilot)
- **Web Development:** Responsive Web Design, Accessibility (A11y), REST APIs, JSON, localStorage
- **UI/UX & Design:** Figma, Webflow, Canva
- **Best Practices:** Performance Optimization, SEO Fundamentals

PROJECTS

Quizzical
HTML5 - CSS3 - Javascript - ReactJS
- Built a dynamic quiz application that fetches trivia questions from an external API and delivers a fully responsive, interactive user experience
- Implemented **React state management** to handle question flow, answer selection, scoring logic, and UI updates
- Managed asynchronous API requests and conditional rendering for seamless user interaction

Movie Watchlist
HTML5 - CSS3 - Javascript
- Developed a movie search and watchlist app using the **OMDb API** to fetch and display real-time movie data
- Implemented asynchronous search functionality and error handling for API requests
- Used localStorage to persist user-selected watchlist data across sessions

PSWRD Generator
HTML5 - CSS3 - Javascript
- Created a customizable password generator allowing users to define length, character sets, and symbol inclusion
- Implemented core logic for **randomization, validation, and secure password generation**
- Built interactive UI updates through JavaScript-driven form handling and dynamic DOM manipulation
